BUSINESS MANAGER

March 3, 2010

Brothers and Sisters:

In light of the economic environment and lack of calls, I am as of today's date March 3, 2010 temporarily suspending strikes on all job calls until June 1, 2010.

Hands have been faced with no job opportunities for months on end and to get a 3 to 4 week call or face a strike and roll off of the books is achieving nothing but financially harming a member.

Fraternally,

Dan Broadwater
